

## **American Bowmen Club Meeting of March 11, 2009**

President Morgan Montgomery called the meeting to order at 6:41 pm. Morgan was again late and because he was also serving as secretary for this meeting it was doubly bad. Jeff showed up at 6:43 to make it an honest quorum.

According to Morgan, loyal secretary Ivan was in D.C. testifying before Congress on how to solve the world's problems. Morgan passed out bumper stickers reading "Ivan for Cosmic Leader". The truth is a bit more plebian. Actually it was the offer of free food that took Ivan to D.C. and it wasn't testimony as much as lobbying for wildlife considerations in various bills. He met with Rep. John Salazar, and staffers for Colorado's two Senators and many of the members of the Environment and Public Works Committees and Energy and Natural Resources Committees. So now you know Ivan's can be bought and the approximate price.

Jeff read the treasurer's report. We have money. That concept was approved.

### **Old Business**

None was remembered. The six people in attendance were old and their memories are too short to remember back a month.

### **New Business**

Baker had Doy order some paper targets for the next winter's indoor shooting. Morgan either did not hear or was not listening when the cost was or was not mentioned but Baker said that the paper could be used for TP in a pinch so all of the old farts were happy to hear that.

The last day of shooting indoors is March 25, which is more or less or lessor more the start of Nebraska turkey season. (Form a tombstone: "Here lies Lester Moore, shot four times with a forty-four, no Les no more")

The next meeting will be April 8 at the outdoor range. The first major work party is April 11<sup>th</sup>.

The meeting was adjourned at 7:01 at which time everyone else showed up to shoot.
