

# American Bowmen Club

## Enter/Exit Flag Procedure

**Failure to follow rules will result in membership review up to and including loss of membership.**

As part of the Conditional Use Permit (CUP) with Park County, CO, that allows the American Bowmen Club (ABC) to operate an archery range at McArthur Gulch. ABC members are required to utilize an archery range entrance/exit flag procedure.

### **Entrance/Exit Flag procedure:**

As an additional informational parameter for neighbors and passers-by on County Rd 64, a notification flag will be placed at the range entrance.

- All ABC members are required to sign-in at the sign-in/out box at the entrance of the range.
- When a member signs-in to utilize the range per standard process, the member will additionally raise a flag that will be visible to those passing by on County Rd 64. The raised flag will signify that the range is in use. Conversely, when the member exits the range, the member will sign-out and lower the flag. If multiple members are utilizing the range, the last member to sign-out will lower the flag.
- **(it is very important that members sign in/out so that their status is known to other members, especially signing out!)**
